Transforming London's health and care together

A collaborative approach to delivering better health in London and meeting the challenges set out in the NHS Five Year Forward View

Draft Programme Prospectus

**Healthy London Partnership— the
delivery arm of the London Health
Commission**

Healthy London Partnership

The delivery arm of the London Health Commission

“A collaborative approach to delivering better health in London and meeting the challenge set out in the NHS *Five Year Forward View*”

Five Year Forward View

Five Year Forward View – Identified Current Gaps

Health & Wellbeing Gap

“...if the nation fails to get serious about **prevention** then recent progress in healthy life expectancies will stall, health inequalities will widen...”

Care and Quality Gap

“...unless we reshape care delivery, harness technology, and drive down variations in quality and safety of care, then patients’ changing needs will go unmet...”

Funding and Efficiency Gap

“...if we fail to match reasonable funding levels with wide-ranging and sometimes controversial system efficiencies, the result will be some combination of worse services...”

Five Year Forward View

- **Radical upgrade in focus on prevention and public health**
- **Collaborative leadership within and between organisations**
- **New models of care**
- **Requirement for significant investment (£8 billion annually)**

Five Year Forward View

Seven Models of Care – some with relevance for CYP

- **Multispeciality Community Providers**
- **Primary and Acute Care Systems**
- **Urgent and emergency Care Systems**
- **Specialised Care in centres of excellence**
- **Viable Smaller Hospitals**
- **Modern Maternity Hospitals**
- **Enhanced Health in Care Homes**

HLP CYP Programme aims

Our vision: An integrated system for the health and care which promotes health and can be easily navigated by children and young people, their families and the health professionals delivering their care to achieve the best outcomes.

Care will be provided through high quality facilities, local to families with mental health needs treated with the same importance as physical health needs.

All in-patient care will be delivered in centres of excellence able to provide the highest quality, consultant delivered care, seven days a week.

CYP programme benefits

Recipient	Description of benefit
As a child, young person or parent/carer	<ul style="list-style-type: none"> • CYP and families will experience integrated care that is designed around their needs. Data on quality and outcomes of their services will be easily and transparently available • Design principles will ensure a consistent way of interaction with the NHS in London which is designed around the needs of children and young people and their families. There will be transparency around quality and outcomes .
As a Clinician / Provider	<ul style="list-style-type: none"> • Providers will experience more effective delivery of healthcare through greater integration between commissioners, providers, public health, CYP and their families. This will lead to better outcomes and potential cost savings and efficiencies through better use of resources
As a Commissioner	<ul style="list-style-type: none"> • Commissioners will have greater access to tools (e.g. standards) allowing them to commission effectively across a number of different settings or diseases that will lead to a reduction in variation in outcomes whilst allowing for local determination where required • Commissioning development and leadership programme will lead to improved quality of commissioning and extend opportunities for effective co-commissioning models
National	<ul style="list-style-type: none"> • Opportunity to test and refine designs which could have national application eg multi-speciality community providers for CYP, common standards for acute care
